More Than 127 Deer Placed In Storage Here

Carl Anderson Brings First Deer To Locker

Medina County turned wild last week as deer hunters moved in for the big kill. More than 127 deer have been placed in storage or processed at either the Hondo Ice House or Hondo Locker.

Carl S. Anderson, 754 Cherico St., Austin, received free storage at the ice plant for bringing in the first deer of the season. He killed the four pointer on the Robert Saathoff ranch, six miles north of Hondo last Friday morning about 7:15. It dressed out at 80 pounds.

Leo Laake was the first hunter to stop by the Herald office Friday morning. Laake, with a 25-35 rifle and scope, stopped the four point deer at 110 yards. He reported the kill at about 7:30 Friday morning. Laake said he

saw a lot of does and that they all looked fat and sleek. He had just given up as a bad morning when the buck came into sight.

The second hunter to report to the Herald office was Joe Waneck of San Antonio. He killed a six point buck about 7:05 Friday morning near D'Hanis. Waneck used a 30-30 rifle and took a running shot at 75 yards. He said all the deer he saw were in fine shape and his kill dressed out at 84 pounds. Waneck is married to the former Beatrice Zorr.

From all accounts, deer seem to be as fat as last year but a little more scarce.

The first hunter to admit missing a shot was Sam Lanham. He said his first shot missed and his gun jammed on the second shot so he returned Friday without a kill.

Mr. and Mrs. Clinton Wiemers, Mrs. Wilkes Wiemers, Franklin Muennink and Mrs. George Meckler all reported kills near Quini. Erwin Biediger brought down an eight pointer and Elmer Biediger killed a five pointer, both Saturday evening, at the Settle ment Community. Other kills included bucks by Eldrich Kunze, C. J. Keller Jr., George Zinsmeyer, Wilfred Hutzler Jr., Lloyd Keller and Johnny Parma near Rio LaCoste. John Scott, Houston, brought down a three point buck on Dan O'Connell's land at Rio Medina Sunday afternoon.

Fred Boubel, Harold Keller and Wendell Griggs bagged deer at Castroville.

Natalia PO Helps Survey

NATALIA — According to Clarence M. Maney, Postmaster at Natalia, the local office will co-operate with the USDA annual livestock survey.

Rural carriers are leaving cards along their routes this week that they'll want back in a few days.

"These cards are used in making the yearly survey of the number of livestock on Texas farms," Maney explained.

Every year at this time, the post office cooperates with the U. S. Department of Agriculture in getting reports from farmers and ranchers about their livestock holdings.

In distributing these survey cards, rural carriers pick boxes at random along their routes. "This means that not every box will get a card," Maney said. "For this reason, it's important for everyone who gets a card to return it filled out so the USDA can get a true sample of the nation's livestock holdings."

The facts and figures secured in this survey are the basis for the state and national pig crop report and inventories of livestock and poultry on farms as of the first of the year.

The material is analyzed and reported by Crop Reporting Board of the Agricultural Marketing Service, an agency of the U. S. Department of Agriculture.

Where Will My Gobbler Have Lunch

"Oh where, oh where can our turkeys be?" is the theme song around the Huey Craig home these days.

All set for the two Thanksgiving Days that most homes will celebrate this year, Mrs. Craig was chagrined to find on Wednesday morning that her gobbler and two hens had flown the coop — either in a sense of self-preservation or assisted by turkey-nappers.

If anyone sees three black birds legging it down the highways and byways of Hondo, please call Mrs. Craig at Harrison 6-2790 so she can sing "Happy days are here again".

If any of you sit down to a meal where three turkeys are served, may your conscience keep you from second helpings!

NOVEMBER IS A MONTH of Thanksgiving — a month of giving thanks for what we have and what we are to have. The symbol of Thanksgiving is a turkey and who could show off a turkey than this month's Anvil Herald

calendar girl, Gradene Rogers. Gradene is the daughter of Mr. and Mrs. E. G. Rogers, and is a senior at Hondo High School. She is also a majorette.

On Christmas Items

B&PW Needs Help

Have you ever thought what it would be like on Christmas morning if you were unable to provide Christmas for your children?

Stop and think, because this is the line of thinking by which the Business and Professional Women's Empty Stocking Fund is handled each year. In order to provide Christmas for some 50 families in this county, the Business and Professional Women's clubs of Devine and Hondo are

working diligently and are calling on you for all the help that you feel you are able to give. They work along this line because mother and dad, through no fault of their own, are unable to provide Christmas for their youngsters, and in giving you a number for a family to provide Christmas for, it still helps mother and dad to keep their self esteem and still gives them the privilege of providing Christmas for their children — a right which is truly theirs.

According to Mary Ruth Cameron, who is acting as chairman again this year, people have refused to provide Christmas in this way because they want to take the basket to the family themselves. This is their right, and we respect it, but we can not supply anyone with a name. However, anyone who would like to be present when these people call or their baskets are welcome to be present. The club is merely trying to help the parents provide Christmas for their children in the same manner that you and I enjoy Christmas. It is our thinking that it means much to the parents and much more to the children to have their parents

provide it." Many organizations, as well as individuals, have called in asking for families, and we have many more. If you do not feel that you can provide Christmas dinner and a toy for each child maybe you would like to donate fruit, nuts, groceries or even a little cash. We appreciate and need any and everything. There is one point we would like to clear up here. If you have used clothing and would like to provide this for someone's Christmas (See NEEDS, Page 4)

Soil Bank Deadline Nov. 30

November 30 is the final date for farmers to sign 1956 Conservation Reserve Agreements. Acreage can be placed in the 1956 Reserve if the acreage has not been grazed since January 1, 1956, and no crops harvested from the acreage in 1956.

Acreage on which a cover is already established can be signed up for a period of three years. Acreage on which there is no cover of eligible grasses or legumes and cover has to be established, must be signed up for 5 or 10 years. Farmers will receive assistance for establishing the cover crops not to exceed 30 per cent of the cost of establishing the cover.

The cover crops must be maintained and noxious weeds must be controlled on the Conservation Reserve Acreage. Farmers will receive an annual rental from \$2.40 to \$8 per acre for the acreage placed in the Conservation Reserve part of the Soil Bank.

Detailed information on the 1956 and 1957 Conservation Reserve program is available at the Medina County ASC office in Hondo.

Train-Car Collision Thursday

Two persons were taken to Medina Hospital about 2 Thursday afternoon, when an east bound train plowed into the rear of their vehicle at the intersection of Ave. O and the railroad.

Driver of the 1951 Pontiac was Mary Jewel Jackson, 18 year old daughter of Haskell Odell Jackson, general delivery, Hondo. Extent of injuries were not known although both were suffering from shock. Sheriff Charles Hitzfelder was the investigating officer.

Sheriff's Department Secures Confessions

Two youths are in Medina County jail, after a wild spree in the Castroville High School building and grammar school last Monday night. One of the youths, Tommy LeMonte Allison, 19, Star Route, Hatfield, Ark., had already signed a confession and the following information was taken from that confession. The other is a juvenile, 13 years of age.

On Saturday, Nov. 17, Allison and the juvenile left Port Isabel, where they had been working shrimp. They traveled to Mexico and spent four or five hours drinking and visiting Allison's girl friends there. Leaving Mexico, the two youths hitchhiked to Corpus Christi and then to Woodboro, where they tried to catch another ride.

James Penny, about 19, and another boy who Allison did not know, picked them up. They had caught a ride and told the driver of the car that they recognized the two boys so he stopped and picked them up. From Woodboro, the four youths traveled to Beeville, where they got out and walked about one-fourth mile to a beer tavern. Here they saw an old model Buick. The juvenile got in the drivers seat, started the motor and the other three got in.

After driving for about 20 miles, the car began to heat and they ditched it. They walked in to Kenedy, a distance of about two and one-half miles, where they stole a black 1956 Ford parked in a garage. The keys were in the vehicle. The juvenile again

got in the drivers seat and started the motor.

Castroville was the next stop for the group as Allison knew the town. He had lived there about five or six years ago.

Arriving in Castroville, the group drove through town and then decided to get rid of the stolen car. They drove the car in a ravine, under a flume of the irrigation canal west of Castroville, and headed for a cabin close to the river.

They spent Nov. 19 there, until 8 p.m., when they walked through Castroville to the Castroville High School. They found a shovel and Allison broke the glass out of the north door, which leads to the cafeteria. They all then went inside.

Allison and the juvenile stayed in the cafeteria, eating bologna, ice cream and drinking milk. The other youths opened lockers, looking for money. Allison said they found 50 cents.

All four boys then returned to the cafeteria and ate lunch meat, ice cream and drank some more milk. The group had tried to enter the building through a window but couldn't get through.

The group then left the grammar school and headed for the grammar school, where they went through teacher's desks looking for money. They drank more milk there and decided to steal a car after leaving the grammar school. Allison said they entered the grammar school through a window.

Leaving the grammar school, the four boys separated in two pairs, looking for a car. Allison and the juvenile found one, a 1956 Chevrolet belonging to Marlin R. Stein, and headed for San Antonio. The keys were in the car.

Arriving at Luling, the group broke into a grocery store and took about \$20 in small change. They also broke into a cafe in a small town before they got to Luling but failed to find money there.

From Luling, the group traveled to Flatonia and drove to a hardware store, where they broke in, stealing a shotgun, BB gun, shells, pocket knives, a water hose, a gas can, a pair of pliers and a screw driver.

The group then separated because Penny and his companion did not want to travel with anyone who would steal a BB gun and they also thought they could do better alone.

Allison and the juvenile tried to steal a set of license plates but were scared away when a man hollered at them. The police picked them up at Flatonia, while driving the stolen car.

Arresting officer was August Brunner, Sheriff of Fayette County. The four youths are wanted in six counties — Bee, Karnes, Guadalupe, Caldwell, Fayette and Medina. The FBI is now looking for the other two after Charles J. Hitzfelder, Medina County Sheriff, filed a "Flight to Avoid Prosecution" charge on them. They are believed headed either to Louisiana or Mississippi.

Hondo FFA Chapter Names Committees

The Hondo FFA Chapter held a regular monthly meeting Monday night at which time the nine committees on Chapter Program of Work were assigned. This program of work is a report on all Chapter activities the local group plans to carry out during the present school year.

The following committees were asked to meet at 8:30 p.m. each morning to draw up their reports: Leadership, Clyde Bohm-falk, Cliff Sadler, John Wolff, Martin Haegelin, Richard Saathoff, John Batot, Howard Saathoff and Tommy Zuberbuehler.

Supervised Farming, Alvin Hartman, Alfred Breiten, Richard Schweers, Clark Wurzbach, John Korbell, Gary Balzen and Richard Moos; Cooperative Activities, Ray Highsmith, George Brucks, Bruce Saathoff, Melvin Pack, Charles Steigler, Gary Schweers, Bernie Zerr and Herby Faseler; Community Service, Johnny Windrow, Larry Hermes, J. H. Stiegler, James Schoellman, Bobby Moos, W. J. Schweers and Kenneth Grell;

Earnings and Savings, Henry Balzen, Louis Schmitz, Clay Heyen, Jimmy Leazenby, Butch Smith, Arlen Graff, Wayne Bal-

zen and George Stewart; Conduct of Meetings, Curtis Wiemers, Charles Eckhart, Donald Muennink, Jerry Neuman, John Shepperd, Kenneth Nietenhoefter, Robert Wurzbach and George Gooding; Scholarship, Tommy Koch, Jimmy Neuman, James Honig, Charles Zuberbuehler, Tommy Schulte, Bobby Taylor and Colby Joe Heyen;

Recreation, Butch Woolls, Wesley Breiten, Gary Baker, Jack Moos, Billy Potsavich, Charles Tilley and Sidney Mercer; General, William Reus, George Koch, Mike Moore, Melvin Etchinson, John H. Meyer, Bobby Swartzell and Jimmy Timmerman.

Bobby Moos was selected to represent the Hondo FFA Chapter in the Calif Scramble at the San Antonio Fat Stock Show.

John McAnelly expressed his appreciation to the members of the Leadership teams that entered District and Area Contests in the early part of November. He encouraged the boys to always "Set their goals a bit higher than they hope to reach." He stated that in so doing they would always be trying to climb above the Average Person regardless of what vocation of life they might choose.

BONNIE NELL Haby was named Football Sweetheart at Castroville High School. Miss Haby is a senior and head drum major. She is the daughter of Mr. and Mrs. Henry Haby.

Work has begun on the paving of Farm-to-Market Road 689, the Bandera road. The contract was let in the latter part of October to the firm of McKenzie Construction Co. out of San Antonio. The low bid of \$254,208.73 was accepted on the project which runs from a point of 10.6 miles south of Bandera County line, south to intersection with U. S. 90 and State Highway 173, a distance of 9.2 miles. Resident Engineer, C. E. Hackebell of Hondo, is in charge of the project for the Highway Department. Work should be completed in 150 days.

Public phone rates will be hiked to ten cents per call this Sunday. The City Council approved the telephone company's request for the higher rates last week. Telephone company officials said the increased revenue would be used to take care of increased operation cost. Public phones in booths are the only phones affected by the increased rates.

Judge Robert Lee Bobbitt of San Antonio, will be the main speaker at the Chamber of Commerce annual Membership Banquet, to be held Dec. 3. Judge Bobbitt is former Attorney General of Texas (1928-30) and was Associate Justice, Court of Civil Appeals in San Antonio from 1935-36. He is now a member of a law firm in San Antonio. Two tickets will be sold to each member of the Chamber of Commerce for \$1 each. Extra tickets will cost \$1.75. New directors and officers will be announced at the banquet.

The Salvation Army will visit Hondo Nov. 27. Anyone having old newspapers, books, magazines, shoes, clothing or other articles, should leave their name and address with the Hondo Chamber of Commerce. The truck will come by and pick them up. The Salvation Army helps feed and rebuild alcoholics and other needy persons. They appreciate any help given by Hondo citizens.

Two Thanksgiving holidays has Mrs. Millie Eckhart mixed up — relatives wrote telling her they would be here for Thanksgiving on Nov. 29, while others wrote just saying they would be here for Thanksgiving. Maybe she is straightened out by this time.

Would you like to be an Anvil Herald calendar girl? If so, drop by the Herald office and talk to anyone — they'll let you in on the secret.

JOHN POERNER FINISHES NEW CITY MAP

Johnny Poerner, who says he is the youngest registered public surveyor in the nation, has just completed a map of property lines within the city limits of Hondo. The old map showed streets only.

Poerner's new map shows the original town of Hondo and recorded subdivisions added to the original town. Hondo Air Base properties in the city limits are also included on the map. Although the cemetery is not in the city limits, it is on the map, with each block of land laid off.

The map was started Aug. 25 and completed Oct. 25. Poerner will now begin on a map of the county. The old map was drawn up in 1927.

He has been a registered surveyor for the past year and is 24 years of age. He attended St. Mary's University and an armed forces school while he was in the service.

THREE GERMAN OFFICERS were guests in Hondo last week. They were Capt. Siegfried H. Luckenbach, German Liaison Officer for cadets; Lt. Col. Bert Taegtmeyer, German Air Force Representative in NATO; and Lt. Col. Ernest M. Paulsen, with the German embassy in Washington. Capt. Robert Sizemore, Hondo Air Base is pictured with the group. Capt. Luckenbach acts as commandant over German cadets at Hondo Air Base.

Devine Man To Help Stage FFA Contests

More than 600 Future Farmers of America from South Texas high schools will compete in Area X leadership contests at Texas A&I College Saturday.

All contests will be staged under the direction of junior and senior agricultural education students, members of the A&I Collegiate FFA Chapter, headed by J. E. Bassett of Devine.

S. V. Burks, chairman of the Department of Agricultural Education, is general chairman for the contests and F. B. Wines, teacher trainer, is in charge of all events and student committees. The leadership contests are held as a cooperation activity be-

tween A&I and the Texas Education Agency, represented by Kirk Pettit, area supervisor.

Dr. E. H. Poteet, A&I president, will welcome the students and their sponsors at a meeting in Jones Auditorium at 9 a.m. and the contests will start at 9:30. Results will be announced at 2:30 p.m.

Contests will include chapter conducting, with two teams from each of the districts competing in greenhand and chapter farmer divisions; farm skill demonstration in greenhand and chapter farmer divisions; FFA quiz, on the greenhand level; and radio broadcasting for chapter farmers.

Winners in each of the events will be eligible to compete in the state leadership contest at Huntsville Dec. 8.

Banners and pennants will be awarded to first, second, and third place teams in each contest.

Rio HD Club Holds Meet November 15

The Rio Medina Home Demonstration Club met in the home of Mrs. Alice Rihn Nov. 15. Ten members answered roll call by giving hints on making and storing fruit cake.

Plans were made for the club's Christmas party and for the Christmas party at Natalia Dec. 10, for the Medina County-wide clubs.

The food leaders, Mrs. Fred Jagge and Mrs. Louise Whitehead, made chicken pot pies as part of the program. The hostess served jello salad, banana cake and coffee with the pies.

Band Concert Set

The Castroville Band is planning a Band Concert at the J. F. Schott and Son Store on Saturday, Dec. 1, at 4 p.m. This concert will be given for the general public and donations will be accepted to further the work of the Band Boosters Club.

Hondo Air Base Gab

By Mary Soyars

Hondo Air Base looked much different last week when the military changed from summer uniforms to their winter blue.

While in a conversation with Capt. Maynard on the subject, he explained it very well — "The reason these uniforms are so popular with everyone is that blue is a becoming color to most men". We do think it gives the Base a very distinguished look.

Lee Roy Chadwell of San Antonio, reported in last week as a flight instructor. E. D. Burgin and William R. Grell of Hondo, are new members of the Materiel Department as machinics.

M&M Al Hartwig welcome a daughter, Cheryl Ann, into their home by adoption. Cheryl Ann was born on Thursday, Nov. 8, and weighed 5 lbs and 10 oz. Welcome to the ranks of parent-hood.

M&M Frank W. Graff and family and M&M Frank A. Graff visited in Dallas the past week-end with M&M Joe Graff and M&M James Graff and their families.

M&M Joe Short attended a barbecue at M&M Jake Short's home in Station C last Sunday.

The Verne Jobst's left Hondo Friday, Nov. 9, for Nebraska, to attend Mr. Jobst's brothers wedding and to go pheasant hunting.

Mrs. Frieda Westmoreland visited in Coleman the past week-end with her parents, M&M Clay McKinney. Mrs. McKinney returned home with her daughter for a short visit.

On the sick list: Mrs. Bob (Dixie) Beard has been in a San Antonio hospital, but returned home this week to recuperate from surgery.

Mrs. O. E. Ogden is also a patient in a San Antonio hospital. Their husbands are instructors at H&B.

Mrs. Adah Coleman left last week on emergency leave to Odessa to be with her daughter-in-law, who is ill.

Lt. Gen. Robert W. Harper, former Commanding Officer Flying Training Command, now retired and living in Harlingen, is a frequent visitor to Hondo. Gen. Harper and wife have been to Hondo several times in recent months to visit Walter Gunstream and wife. Mrs. Harper, the former Margaret Weber, is a native San Antonian. General and Mrs. Harper were married in the County Court House, Hondo.

Gen. Harper is a practicing attorney, having secured his license during the time he was stationed at Brooks Field, San

Antonio. Many citizens of Hondo will remember Gen. Harper's visits to Hondo Air Base during the time he was Commanding General of the Air Training Command. He is a graduate of West Point and has had a long and colorful career in the service of his country.

The Antiaircraft Artillery and Guided Missile Center at Fort Bliss, El Paso, is the next stop for M&M C. Thomas Bertsch. Bertsch, who resigned today from his duties as Personnel Clerk-Secretary, and Associate Editor of H&B's monthly news magazine, Traffic Patter, has been called to active duty by the U. S. Army, in which he holds a reserve commission as Second Lieutenant. His wife will be remembered as the former Pat Tate, daughter of M&M F. H. Tate of Hondo.

A shower was held on Saturday, Nov. 10, for Mrs. Glen Haass, the former Miss Frances Boehle at the home of Mrs. Louis Grell.

Mrs. Annie Shannon of Uvalde, with Base Supply, has been on the sick list the past week.

Practical Work Given FFA Boys

The Vocational Agriculture I had a taste of practical farm work Tuesday morning when they took a class field trip to the Ben Schoellman farm.

Vocational Agriculture boys study farm problems in classes and then go out and receive some experience in actually doing some of the jobs. The Class castrated six bull calves using the Burdizzo method of operation. Each boy is supposed to castrate five or more calves during the school year.

If any farmers near school have any calves, hogs, sheep or goats they would like to have castrated please contact one of the boys or John McAnelly.

Murphy HD Club Has Dinner

The Murphy Home Demonstration Club enjoyed an evening of good food and visiting Saturday night when they held their annual Thanksgiving Dinner for their families. It was held at the old Murphy School house with 38 persons present. After the delicious meal of turkey and all the trimmings, the women held a short business meeting.

Mantovani Appears With SA Symphony

SAN ANTONIO — The successful English orchestra leader, brings his "New Music" to the Municipal Auditorium Sunday afternoon, Nov. 25, at 3 p.m., as a special event under the auspices of the Symphony Society of San Antonio.

Mantovani and his orchestra of 45 has become a byword with multitudes of American music-lovers spell-bound with its shimmering, cascading sounds, its opulent strings and distinctive arrangements.

Juke boxes introduced him to many Americans and the record sales of such favorites as "Charmaine", his signature "Wyming 'Lovely Lady'" and "Moulin Rouge" have hit astronomical heights.

The Venetian-born Londoner, coming from a musical family and a background of rigorous training in the classics as violinist and conductor, experimented in instrumentation with his own orchestra from the age of 21 in fashionable London hotels, in the theatre as musical director for Noel Coward. With this colorful experience behind him, Mantovani inaugurated the era of "New Music" with his first album for London ffr records "Walzing with Mantovani" displaying the ravishing string tones that were to sweep across the seas to capture the fancy of America.

Requests have already been pouring into the Symphony Society's office asking for favorite Mantovani recordings to be played during his appearance.

M&M Henry Schulte drove to Austin Friday to see the University of Texas freshmen team play TCU freshmen. Texas won 7-0 and both Richard Schulte and Jerry Muennink played for Texas. Richard plays end on offense, is a line backer on defense. Jerry plays center. Richard came home with his parents for the weekend.

Sophomores Name Colors At D'Hanis

D'HANIS — At their second class meeting of the current school year, Oct. 26, the Sophomores of D'Hanis High School chose pink and blue for their class colors. The flower is the corn flower, the song is "Moments to Remember", and the motto is, "Do your Best to Be the Best".

Mary Rodriguez, president of the class, appointed a program committee as follows: Jeanie Sprout, Geronimo Ortega and Armando Lopez.

Other officers are Mary Fohn, vice-president; Norma Nester, secretary; Harold Lutz, treasurer; and Linda Nester, reporter.

An acorn was frequently used as a design on Colonial furniture because it was considered a symbol of hospitality.

TWO GIRLS, A CHEVY AND A RECORD!

A meaningful achievement
in automobile performance

Most automobile performance records you read about these days are set on a track or closed course. The results are usually pretty difficult to relate to the kind of day-in, day-out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up a new coast-to-coast record on the road. And the way it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel, under the same conditions you drive in every day. It broke the record for the coast-to-coast run from New York to Los Angeles (certified by NASCAR). It was a strictly stock, V8-powered Chevy. It was driven by two young ladies.

This last fact, we think, is even more important than the impressive new record set by Chevrolet. Oh sure, it's nice to know that a Chevrolet can cross the country in one uninterrupted span—and do it in less than 57 hours. It's a tribute to Chevrolet's great-hearted V8 engine and solid road-worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours. But it's only when you consider that all the driving was done by 98-pound Betty Skelton and her friend Caroline Russ that the true significance of this record run becomes apparent.

When a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you know that car is easy to drive. You begin to see what we mean by smooth-cruising comfort . . . by nailed-to-the-road stability by sweet-feeling sureness of control . . . by quicksilver responsiveness.

We'd like you to get to know this new Chevy. Stop in and see how beautifully it does all the things a car should do.

Do you know the "special recipes" for washing certain articles that call for extra care?

Most of the family wash, of course, can be tossed into the automatic washer without any special precautions. Here are tips on handling some of the few articles that need added attention.

A "germicidal" wash is good for cotton and linen fabrics that have been used by a person with one of the common illnesses. Use a heavy duty soap or synthetic detergent, and use 1/4 to one-third more of the detergent or soap than you normally would. Run the articles through one wash cycle using hot water (160 degrees). Then repeat the wash cycle, using warm water (100 to 120 degrees), with detergent and chlorine bleach. Then run the articles through an entire wash (again with detergent) and rinse cycle. If your washer permits, use hot water (160 degrees) for the final rinse. (In the case of a really serious contagious illness, get instructions from your doctor for sterilizing such articles.)

Before washing feather pillows, rip stitching in pillow ticking for about an inch in opposite corners, and loosely overcast the edges or run safety pins through the edges to hold. This admits air and prevents billowing and matting.

If the ticking is old, sew the pillow into a pillow case.

Fill your automatic washer with high-temperature water (120 degrees) and add mild soap or detergent. Wash two pillows at a time. Immerse pillows and soak until feathers are well wet. Then run through regular wash and rinse cycle. Dry the feather pillows in an automatic gas dryer and they won't have the musty odor that sometimes results from slow line drying.

Wash foundation garments in high-temperature water (120 degrees), using a mild soap or syndet. Cut washing time to four to six minutes. Girdles can be dryer-dried if placed in the dryer with other items, or if a low temperature setting is used. Remove the girdle as soon as it feels dry. Rub metal garter straps with a dry wash cloth to prevent rusting. (Heavyweight, boned garments should be hand-washed.)

Here's a good way to find out if an article is color fast. Cut a small sample of cloth from a seam or placket. Put it in a small jar, add detergent and water of the temperature the article would be washed in. Let it stand a few minutes, then shake the jar. If the water is even slightly colored, better wash this article by hand during its lifetime.

Grube Services Are Held

Funeral services were held Nov. 3, 1956, for Frederick Rudolph Grube, 74, Hondo farmer. Born Nov. 20, 1881, in Washington County, near Brenham, Grube was baptized in the name of Truett God and later renewed the baptismal vow in the rite of confirmation in the Lutheran Church.

As an infant, he accompanied his parents to Maxwell and later to Port Lavaca. From there, he again moved to Maxwell, where he met and married Mrs. Selma Schawe. The union was blessed with eight children, of which preceded his father's death, while an infant, Hilbert, was accidentally killed in an automobile accident.

From Maxwell, he moved to Edville, where he had purchased and operated a general store. In 1924, he sold his business and moved to Hondo.

In July, 1953, he submitted to an operation on his eyes. In June, 1954, he was again hospitalized in San Antonio where he underwent a major surgical operation. The operation was successful and he followed his occupation as usual.

On Oct. 22, he was again taken to the hospital, where he submitted to a second major operation. A member of St. Paul's Lutheran Church, he is survived by his wife and six children — Otto, Mrs. Elma Breiten, Mrs. Melba Graff and Mrs. Dorothy Schuman, all of Hondo; and Louis and Fred of San Antonio. He is survived by 15 grandchildren, one half brother and one sister.

Bearers were William Ben Schawe, Martin Schawe, Edgar Schawe, Nolan Dueterheft, Walter Schulle and Erwin Schulle. Interment was in Hondo cemetery.

MR. AND MRS. M. W. RAIFORD, Miami, Fla., have announced the engagement and approaching marriage of their daughter, Marie E. Fernandez, to William R. Grell, son of Mr. and Mrs. Arthur Grell, Hondo. The couple plan a March wedding in St. Paul's Lutheran Church, Miami.

HAB GAB

Wives Club information is furnished by Mrs. Evelyn Sizemore, Publicity director.

With Autumn Leaves falling and the Owls knocking over all opposition, members of HABWC paid a salute to the season and the season's game at their Welcoming Coffee. Chairman Sadie Kilmer had for her hostesses Julia K. Enny, Margaret Whitten, Jean Gunn and Sonya Daniel.

Julia and Sonya, wearing black velvet and gold satin costumes, portrayed their leaders. Jean Gunn wore the black and white shirt, white slacks and cap of the referee — one notable change of uniform was the addition of a large orchid pinned to her shoulder. Margaret Whitten was the star player dressed for the game and looking most athletic from the tip of her white helmet to the cleats on her regulation shoes.

The centerpiece of Fall flowers was attractively arranged in a bronze football, flanked by miniature goal posts. And, served to the guests were Julia Kenny's own fried apple pies. They were delicious and the talk of the day. She has graciously consented to have her recipe published in the next issue of the GROUND SCOOP.

President Bert Moore conducted the business discussion and introduced her new board and new members of the club.

Whenever the ladies of HAB are discussing good food and fine cooking, the name of Mrs. Robert Kenny is invariably brought into the conversation. For the past few weeks Mrs. Kenny, Special Projects Chairman of the HAB WC, has been directing her talents toward plans for the Buffet

Supper to be served Saturday night, Nov. 24, at the Officer's Club. Tickets are \$1.25 and reservations must be made. Call Mrs. Robert Kenny, HA 6-2910 or Mrs. David Richardson, HA 6-3408 for further information and make your reservation now! Be there for the Supper and stay for the last dance of November.

Do you work at HAB? Have you been hunting, fishing, boating, etc? Have you had visitors or gone visiting? Why not tell us about it and let us run it in HAB Gab — phone 40.

Hondo FHA Holds Meet At School

The Hondo Chapter of FHA met Nov. 19 in the High School cafeteria at 7:30 p.m. There were 47 members present.

For a money-raising project, the FHers decided to have a cake and pie sale, Saturday, Nov. 24. The girls are to try to sell their cakes individually by finding a buyer. Some of the cakes will be on sale downtown.

The annual FHA Christmas Dance will be held on Dec. 29. Details of the dance will be decided upon by committees.

After the business meeting, written questions about dating problems from various home economics classes were answered by a panel of senior girls.

FFA members joined FHA members for refreshments after both meetings had been completed.

Castro Garden Club To Beautify Square

The best attended meeting of the Castroville Garden Club for this year was held Tuesday, Nov. 13 at 3:45 at the Vance House, with 25 members, one new member, Mrs. John Warneke of the Essar Ranch, and two visitors, Mesdames Harold Bippert and Francis Myers, present.

During the business session, the club voted to sponsor the beautification of Houston Square, to carry out the plan to have permanent markers for the pioneer houses, to repair the sign "Castroville, the Little Alsace of Texas", and have it repainted with changes showing the marker that will be used for the houses; to plant rye grass on September Plaza, to set aside \$30 for transportation charges for lecturers, and to contact former associate members for dues.

Several members plan to attend the Garden Center meeting to be held at the Witte Museum in San Antonio on Wednesday, Dec. 5. An illustrated lecture by Ted Williams on Christmas decorations will be given. A full report of the lecture will be given at the December meeting of the Garden Club.

Colored slides of the Bellingrath Gardens in Mobile, Alabama, the Botanical Gardens in Washington, D. C. and private gardens in Maryland were shown by Mrs. R. R. Eckert. Mrs. Canty reported on a lecture given at the San Antonio Garden Center showing how to use tin cans to make Christmas wreaths, and other novel uses of articles that are not thought of — ear-ring Christmas trees, yucca blossom Christmas trees, and scooter wheels for a central decoration.

This was followed by a demonstration on arranging roses for a table centerpiece. The roses were from Mrs. Canty's garden, and were given to members present. Mrs. Ethel Corder won the attendance prize, two vases with ivy plants.

Coffee and cake were served by the president, Mrs. Ethlyn Conrad and the vice-president, Mrs. Charles Suchs.

AB Wives Club Show Is 'Most Successful'

Undoubtedly the most successful luncheon of the fall season, the Nov. 14 "Dining With Fashion", was lauded by every member of the Hondo Air Base Wives Club.

Beautifully decorated with green boughs and clusters of red berries, the Officer's Club was an appropriate setting for the style show festivities. Streamers of brown and tan formed the background for a center platform encircled with greenery and a white entrance trellis entwined with duplicate boughs.

Preceding the fashion show, the monthly business meeting was conducted by President Bert Moore, and during the afternoon door prizes of one \$5 gift certificate and one \$3 gift certificate were awarded to visitor, Mrs. R. W. Landers, and Mrs. W. J. Kaufman.

Models included Fan Leasen. TOO LATE TO CLASSIFY FOR SALE: 48 in. wide mattress. Good condition. \$15.00. 1154 24th St. (1tp23)

Everything's New including the View

in each '57 Buick-SPECIAL, CENTURY, SUPER, ROADMASTER

WHEN we tell you the 1957 Buick is new, we're not kidding.

Because we don't mean just new this or new that. We mean new everything.

We mean everything you can't see, as well as everything you can.

And even the "seeing" is new from both the front seat and the rear seat—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of all passengers.

Take other examples.

Its styling is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its engine is new. Never has any Buick boasted so big, so powerful, so obedient an engine as the purring V8 engine that gingers every '57 Buick.

Its performance is new—and right here

we mean new like nothing else you ever experienced before.

For now, with Buick's new record horsepower, there's a new advanced Variable Pitch Dynaflo* that's so instant in action, so vividly responsive, so smooth and flexible and full-torque throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more than all this to the newness of every '57 Buick—SPECIAL, CENTURY, SUPER and ROADMASTER.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball joint suspension for super handling, safer cornering, and a wonderful new levelized braking.

There are safety features galore—new safety-padded instrument panel, new dip-center safety steering wheel, new controls recessed out of harm's way—even an ingenious new Safety-Minder* that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel and let this big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

Beverly Joyce Flack

Beverly Flack Takes Top 4-H Award

Beverly Joyce Flack, 14, of the Natalia 4-H Club, has been awarded the highest award given in Medina County — the Gold Star Award. Miss Flack is the daughter of Mr. and Mrs. H. R. Flack, and has one brother.

Beverly has been in the Natalia 4-H club for four years and has served as president and reporter. She is the newly elected Medina County 4-H Council co-chairman and was treasurer and secretary of the council in 1954-55.

Her demonstrations are many. She made garments for dress reviews for three years and won one first, one second and one third place. During stock shows, she exhibited sheep three years, winning two seconds, fourth, fifth, tenth and twelfth places. She exhibited fryers in 1955. Beverly also showed craft articles, hand towels and canned food at livestock shows.

She studied electricity and its uses in the home and on the farm. Her family cooperated and helped her in every way. She entered county and district contests and she and her teammate won second in district in 1955 and first this year. She and Sonja Pruitt entered the state contest and placed sixth. They gave their demonstration many times to friends, 4-H members, Home Demonstration clubs and electric employees. Because of her excellent records, she was awarded a \$30 check in 1955 and a \$50 check in 1956.

Beverly has attended recreation training school twice, Round Up, district camp twice and county camp three times. She has taught crafts and recreation to many groups. She was awarded medals in recreation, dress review, safety, girls' record and electric.

She is an outstanding 4-H club member — she helped her club raise money selling Christmas cards and with cookies sales, helped plan and place club exhibits at the stock show and helped with the booth for the Civic club. This year, she is planning to help sponsor the Natalia 4-H grades club.

SPEAKING
OF
SPORTS

By Dr. John H. Jennings

ALL of the Owls got some game time last Friday and came home with a 41 to 6 win over Dilley. This is beginning to sound like a needle hung on a record . . . but the Owls now have 22 straight games without a score-board defeat. It DO make pretty music though. This is the longest streak in Hondo Owl history, and each week that it can be extended can only add luster to the furniture.

Preliminaries Over

The Dilley game was the last of the regular season and from now on the REAL football and BIGGER Championship ships are available each week. Blanco invades Barry Field this Friday for the Bi-District Crown and the winner will meet the Bastrop-East Bernard winner for the Regional title.

Dilley Game Highlights

The Owls scored in each period and all of them from a long way out.

The scoring went like this:
1. Highsmith via 17 yard sprint.
2. Clyde Bohmfalk on 38 yard pass.

3. Wools by a 30 yard sideline run.
4. Wools on a 60 yard speedy run.

5. Wools doing a 70 yard shifty run.
6. Billy Neuman via a 65 yard quickie pass.

Windrow got 5 of 6 conversions. Two TDs came in each of the first two quarters and one in each of the final periods. Rambling Ray Highsmith was hit at the line of scrimmage but shot free to head for the initial score. A Billy Neuman 38 yard punt returned set up the score on the 22.

Alvin Hartman threw only 5 passes as 3 were completed for 108 yards and two TDs. End Clyde Bohmfalk made a beautiful catch after getting clear to rack up a 38 yard pass TD. This score too was set up by a 27 yard punt return by Neuman to the Dilley 38!

A Shifty Wools

Butch Wools made up for having to sit out three-fourths of the Pearsall game. The "Little Bull" is wisely junking some of his bull-like running and is faking and shifting extremely well. Friday he ran only six times, but for 9, 2, 9, 30, 60 and 70 yards to get a 190 yard total. A 31.6 yard average!

Wools first TD came as he walked the sideline for 30 yards.

This climaxed an 89 yard drive in 11 plays. His next TD run was a speedy 80 yard affair. His last TD was a dodging and shifting 70 yard jaunt.

The way Butch has been showing signs of a faking and shifty runner is one of the most encouraging things, I think, to develop with the Owls lately. You just get more yards that way. You can always try to run over someone when there is no place else to go.

Hustling Billy Neuman got the final TD on a quick 4 yard pass from Hartman. Billy was just as quick to lead for open pasture for the remaining 61 yards. The Owl blocking also set up two nice punt returns for Neuman as he had one for 38 and another for 27.

More Data

The Owls got only 11 first downs to 13 for Dilley! This is explained by the fact that Hondo got so many long runs, and too, first downs are not recorded on a TD play. These Owls carried for the first downs: Highsmith 3, Windrow 3, Louis Lasiter 3, Wools and Jimmy Leazenby, 1 each.

The Owls got off only a season low of 35 plays. Dilley managed 53. Coach Carver kept the game as close as possible and still let his boys get some exercise. The first unit backfield ran only 3 rushing plays the last half.

Ray Highsmith got to run a few plays at QB. He handed off to Wools on his 60 yard TD run. Jimmy Timmerman probably

had a night he will talk of for a long time. He got his first experience as a QB. His previous play has been at an end spot. I thought he did a good job too . . . he handed off and faked very good for the first time out.

Big Alvin Hartman just added to his already impressive season record. He has 44 of 87 passes complete for 949 yards of which 12 have been for TDs . . . and NO interceptions for the year!

Penalties were scarce in the game. The Owls got a 15 yard clipping and then a 3 inch off-side penalty on the play before Dilley scored.

The Dilley Score

The Dilley score came on a sustained 60 yard march and all except one 14 yard pass was on the ground. It came . . . with the Owl's first unit on defense. Dilley mixed a spread formation in with some "T" formation calls and the Owls did NOT look like World (State) beaters in the process. It was not a gift TD.

In five of the six TDs the Owls scored, it took only 1 or 2 plays in the series to get the 6 points!

The season individual record reads like this: Wools 8.2 average per carry, Hartman 6.5, Highsmith 5.8 and Windrow 4.1.

Bi-District Game

This Friday begins the first of a five game series that two Class A teams in the State will play for a chance at the STATE CHAMPIONSHIP.

The Blanco Panthers come to Barry Field with a 8-1-1 record. This record is not as impressive as the Owls but the idea from here on is that a team who is good enough to win their district is CAPABLE of upsetting a favorite.

Blanco has a fairly big ball club. The two tackles weigh 210 and 200 pounds. The FB is 180, QB and LHB both 165 and the RH 155. They run from the "T" formation and have scored 112 points to 82 for their opponents.

The Three Ex-Owls

Jerry Muennink and Richard Schulte continue to see a lot of service with the University of Texas Freshmen. Jerry is center, of course, and Richard continues to run from an end spot. They have a big game at A&M this Saturday — an introduction to the big one Thanksgiving Day.

Pete Angermiller, of A&M, has not had an opportunity to show his wares this year. He got a shoulder knocked down and was out a long time. He came back too soon and re-injured it and then Tuesday week he tried again and once more hurt the shoulder.

New Course Record

Joe Mitchell, local Golf Pro, came in with a fabulous score last Tuesday — a 28 — which sets a record for the HAB course. Joe had six birdie and three par holes. Mitchell was playing in a threesome with Don Eggen and Henry Kight. — Mitchell also holds a tie for the Uvalde Course record with a 30.

LaCoste Eagles Win Over Natalia

The LaCoste Eagles wound up their season in fine style last Thursday night by trimming the Natalia Mustangs 33 to 6 in the season final for both teams. The first half of the game was evenly fought with LaCoste on the long end of a 7 to 6 score at half time. During the second half, LaCoste caught fire and went on to score 26 points to wrap up the game.

Receiving the initial kickoff facing a strong north wind, the Eagles had to punt on fourth down. A bad pass from Manuel Duron sailed over the head of Jimmy Myer and Natalia took over the Eagle 19 yard line. Picking up a first down on the eight yard line, Natalia drove to the one where they lost the ball on downs. But a short kick by LaCoste set the Mustangs in business again on the 40 yard line and after picking up a first down Jimmy Putman hit George Raute with a 23 yard pass to put the ball on the Eagle 5 yard line.

Three plays later, George Raute carried over from the one to put Natalia in the lead 6 to 0. The try for the extra point failed. On the kickoff, LaCoste was again in deep trouble as Sherrill Reus picked the ball up after it had bounced off the goal post and attempting to run it out, barely getting over the goal line. Punting short again, to the 24 yard line, where Natalia took over, once again the Eagles were in trouble.

A Jimmy Putman to George Raute pass carried on the five yard line with George Raute going to the one on the next play, which ended the warter. A University Interscholastic League ruling states that if two teams played each other in the District, Bi-District or State within the last 6 years, the then visiting team has the right to have the next game on their field. Last year, Devine played in Floresville in a district game and desired to have this Bi-District

play-off on their own field. There was no other alternative. Representatives of both schools met at Pleasanton Nov. 14, to make final arrangements for the bi-district game to be played Friday night at Devine.

Officials for the game will be D. R. Vodkef, Victoria, referee; Verman Walenta, San Antonio, umpire; T. J. Smith, San Antonio, head linesman; Jim Millikin, Beeville, field judge; James Hieser, San Antonio, time keeper. The following admission charges were agreed upon:
General admission, \$1.
Reserved seats, \$1.50.
Children, 50 cents.

A blocked punt by Jerome Hitzfelder, recovered by Jimmy Myer, and the Eagles were in possession again at the start of the

fourth quarter with the wind to their backs. QB Carl Mangold took advantage of the wind, tossing a 22 yard pass to Gary Hutzler for the score. The placement was blocked and the score was 19 to 6.

Fumbles and pass interceptions continued to plague the Mustangs and LaCoste took advantage of all with Jimmy Myer going one yard for a score and Sherrill Reus going two yards for the final score. Both placements were added by Jimmy Myer to make the final score 33 to 6 in favor of LaCoste.

LaCoste wound up the year with a 7 win 1 loss and 1 tie record. The one loss was to Brackettville, which erased all district dreams of the Eagles.

Devine To Play Host To Floresville Tigers

Floresville High School Tigers will meet the Devine Warhorses in the bi-district championship game at Devine Friday night, Nov. 23 at 8 p.m.

Floresville has already clinched the title in District 27-AA while Devine is the winner in District 28-AA.

JOE WANECK of San Antonio, brought the second buck, a six pointer, by the Herald office last Friday morning. He reported the kill at about 7:05 Friday morning near D Hanis, with a 30-30 rifle and a running shot at 75 yards. The deer dressed out at 84 pounds.

Golf Tourney

The Ringer Tournament runs a full month and initial entry fee is 50 cents each-time you play; you pay 10 cents for a card and you must announce that you intend to play Ringer Tournament before starting, and you must play with a woman who is a member of the Golf Club. All putts must be putted.

If a hole has been improved, it may be changed on the chart that is in the golf shack and cards are put in Ringer Tournament box.

You will be required to play 10 times during the month, but a Handicap is not necessary. Scores turned in will help establish Handicap.

EMERGENCY HAY BENEFITS ABSORBED BY HIGH PRICES

Dissatisfaction with the new drought relief hay and feed concentrate program of the federal government is becoming evident from letters received by the Texas Department of Agriculture.

Farmers are complaining that the monetary aid received was immediately devoured by a corresponding increase in hay prices. A price study by the department seems to bear out this criticism.

After four months of negotiations, the Texas Emergency Drought Committee succeeded in attempts to get the federal government to re-instate a drought aid program in the state. The plan went into effect in October. It called for \$7.50 per ton grants-in-aid for drought area farmers on hay or roughage purchases. In addition, a price reduction of \$1.50 for each hundred pounds of feed concentrate in government storage was granted needy stock farmers.

The state committee, composed of farmers and leading agriculturists, strongly recommended that the government also inaugurate some temporary form of price controls on rough-

age and feeds. This phase of the program was neglected when the plan went into operation.

Here are the results of price studies since that time:

In June, when a new relief plan was suggested, grass hay was selling mostly at \$33.70 per ton. In July, when the federal government gave notice that it probably would start a program, grass hay went to \$38.20, and in September—when the program was a certainty—prices stood at \$42.90. This \$9.20 increase not only takes all of the \$7.50 aid allotted farmers, but makes it more expensive than when no program was in effect.

The same was true to legume hay. June prices went from \$34.80 to \$39.60 in July and then to \$48.10 per ton in September—an astounding increase of \$13.30 per ton. Hulls jumped from \$15.80 to \$24.20 and mixed hulls and meal from \$35.80 to \$42.80 in the same period.

Temporary controls would have gone a long way towards applying the relief money where it was intended.

PRESENTS A FEW HISTORICAL FACTS PERTAINING TO THE PUBLIC SCHOOL SYSTEM

From the March - Nineteen - Fifty-six issue of Texas Grand Lodge Magazine, official publication of the order of Masonry in Texas, we quote the following:

Three groups in the population of Texas have been identified as the primary force behind the establishment of the public school system: the German settlers, emigrants from the New England States, and members of the Masonic Order. The Germans were clannish and constituted a small minority in the total population. These two factors tended to reduce their influence in the state. The New Englanders were also a small minority and the suspicion of the Southerner, engendered by the political issues of the period, tended to reduce their influence. Masons have never exceeded 3 per cent of the population in Texas, but their gravitation to positions of leadership in their respective communities and in the state multiplied their influence far out of proportion to their numbers in the population.

The influence of Masons was both direct and indirect; direct in that Masonic Lodges and the Grand Lodge of Texas supported early schools financially, until state support became adequate, and provided a building in numerous communities for the school; indirect in that Masons introduced and supported the legislation that created the system, served on the school boards, taught in the schools, and in general supported the public schools in preference to private schools. Twenty-six of the sixty-two signers of a memorial for the establishment of a public school system to the Second Congress of the Republic of Texas are known to have been Masons. Mirabeau B. Lamar, a member of Harmony Lodge No. 6, has been called the "Father of the Texas Public School System" because of his activities on behalf of the same. O. M. Roberts, a member of Red Land Lodge No. 24 (now

3), was a teacher, a board member, and, finally as governor of the state, a most powerful influence in the creation of the public school system. The influence of Rufus C. Burleson, a member of Covington Lodge No. 109, Kentucky, and, after his emigration to Texas, of Holland Lodge No. 1, Milam Lodge No. 11, and Waco Lodge No. 92, was probably second to none in the movement. O. N. Hollingsworth, made a Mason in Rocky Mount Lodge No. 63 in 1857 and afterwards affiliated with San Marcos Lodge No. 342, as Secretary to the State Board of Education and State Superintendent, played a notable and determining part in popularizing free schools. It is also significant that no Texas Mason is to be found among those most prominent in opposition to free public schools.

The evidence seems to support the conclusion that the influence of Freemasonry exerted as a philosophy, as an organization, and through its individual members was the major force in founding the Texas public school system.

—FD—
Appropos of the foregoing, it is of interest to note here that Medina County's first public school accommodation was the lower or ground floor of the little rock Mesonic Lodge building erected on the north bank of Hondo Creek, near the New Fountain Settlement, in the early days of the county's settlement, and before the railroad, and its creation (the town of Hondo), had been dreamed of.

Another noteworthy fact is that the Quiri area was settled by a people imbued with a love of and appreciation of education. Its wholesome effort has been evidenced by the number of teachers and preachers who have emerged from its environs. Among these were the three men who have served the County as Superintendent of its schools.

'ENTER INTO HIS GATES WITH THANKSGIVING'

PERSONAL APPEARANCE

By Jerry June Berger

A little cleaning, like a little learning, can be a dangerous thing. Straighten the contents of one dresser drawer and all the other drawers look cluttered; spot the woodwork around a door and woodwork all over the house immediately needs spotting; wash one window and it is then almost impossible to see out the others.

So, if you're not in a cleaning mood
Let the whole works lay,
'Cause once you start on that big task,
You'll hafta go all the way.

With that little bit of philosophical nonsense we move on to a more serious phase of fall or spring cleaning.

From our own experience we know that delving into closets and cupboards uncovers all sorts of things that haven't been used for months and we want to suggest a good place for you to put them — at the Hondo Garden Club sponsored Thrift Shop in the 1300 Block of 17th Street. The club is in real need of your white elephants, usable clothing, old dishes and what have you.

The items do not have to be in perfect condition so don't hesitate about offending the club with what you might think is "junk." I don't mean by this that we want rags, but if you think your articles have any value, we'd like to have a crack at selling them.

The shop is open on Monday, Wednesday and Saturday afternoons from 2 until 5 and on Saturday mornings from 9 till 11. But in case you can't make it there any of these times, phone MRS. HUGH MEYER, who is chairman of that committee of the garden club, and she'll be able to tell you where to bring articles.

Why should you bother to do

this? Your reward will be getting to see the parks along Highway 90 beautifully maintained as they have been for several years and perhaps, before too long, that reward will include seeing the garden club plant shrubbery and grass along additional highway parkways on U. S. 90. The club plans to expand just as soon as the railroad grants additional leases to the group.

Every cent of the money taken in by the Thrift Shop goes for highway beautification and maintenance.

So do yourself a favor and give your cast-offs to the garden club.

Womens' organizations in several of the local churches are busily engaged in money-making activities. The WMS of St. Paul's Lutheran Church held a successful bazaar and bake sale Saturday. One of the items they are helping finance is a heating system for their Sunday School.

St. John's Catholic Church sponsored a turkey dinner Sunday. The crowd was not as large as it has been some years and hunting season was credited with the blame, but even so, it was a financial success.

And Dec. 6 is the date for the annual Mexican Supper and Bazaar at First Methodist Church. Sponsored by the young adults of the church, the bazaar will help finance construction of a new educational building. The building fund recently received a nice boost when MR. AND MRS. JOHN R. MONKHOUSE, Houston, M&M GEO R. MONKHOUSE, Dallas, and MRS. LUCY MONKHOUSE, E L I O T, New York, each made generous donations to the fund. Their gifts are in memory of their grandmother, MRS. G. W. MONKHOUSE, who lived here many years ago. They are niece and nephews of CHARLES MONKHOUSE.

November 18, 1956

At the third week of district court H. E. Haass, Louis Scherrer and Fischer King were appointed a committee to examine the finances of the county and M. A. Keller, F. L. Wurzbach, and Chas. Metzger were appointed jury commissioners to draw jurors for the next term of the court. The court was conducted at a cost for the term of \$721.00.

J. G. Weekly of Smiley and Miss Julia M. Childress were married at the home of the bride's parents, Mr. and Mrs. S. P. Childress on November 15th. The bride had been a teacher for the past two years in the Smiley school.

At a called meeting of the Chamber of Commerce the matter of incorporating the town was considered. After a discussion of the matter it was "seemingly" dropped by common consent, and plans made to secure some \$3,500.00 by subscription to take care of the city's needs, such as Street lights, Night watchman, Chamber of Commerce and Incidentals.

After having been in business in Hondo for 22 years, the Hondo Mercantile Co. decided to go out of business and had employed J. F. Maier and F. J. Walsch to effect the sale.

The Knights of Columbus chapel at Medina Lake was to be

consecrated by Archbishop Arthur J. Drossaerts of San Antonio on November 21st, according to Joseph Conrad, chairman of the committee in charge.

The corner stone of the Catholic school of Sts. John parish was blessed and laid on Monday, Nov. 15th. A lengthy document containing names from that of President Coolidge, Governor Miriam A. Ferguson, Medina County officials, members and officials of the church, architect and builders of the structure, was inclosed in the cornerstone, together with a copy each of Southern Messenger, Sunday Visitor, Houston Chronicle and The Anvil Herald.

Armistice Day, postponed from the 11th to the 15th on account of inclement weather, and "muddy roads" was attended by people from all over the county and proved a great success. The barbecue dinner was under the auspices of the St. John's church membership for the benefit of their parish school and the "proceeds were sufficient to be of very material help to the school."

Mr. and Mrs. Thomas Taylor returned to their home in California after a visit to Mr. Taylor's parents, Mr. and Mrs. Ray Taylor.

Mrs. O. H. Miller was spending several days in San Antonio at the bedside of her sister Mrs. August Prohl. Mrs. Prohl was the former Miss Ruth Roth.

We would like to join with you, if we may, in observing Thanksgiving — in laying aside our personal problems and worries and in counting the many things for which we are thankful.

It is good to take inventory at least once a year, and to bow our heads in gratitude and thanksgiving for the spiritual and material strength that sustains our lives in a nation blessed by Divine Providence.

We think of Thanksgiving as an American institution, originated 200 years ago by the Pilgrims, but the Bible mentions thanksgiving many times. In it Paul says, "Let your requests be made known with thanksgiving." That is, thanks to God should be given at least as often as requests to God are made.

Thanksgiving Day is as truly American as roast turkey, with dressing, cranberry sauce and pumpkin pie. In two centuries, it has not changed. "Thank you" has become an established part of our language and customs.

As a boy, at home, I recall we always said "thank you for the biscuits," or "thank you for the butter," instead of "please pass." All of us, of course, use "thank you" as an expression of appreciation.

As a nation of free people, we are thankful that today we can enjoy the democratic privileges of freedom, peace and prosperity. Those are blessings enjoyed by the people of few nations in the world.

Earlier this month we chose our local, state and national public officials to preserve and administer our democratic system of government. We did it in the true spirit of democracy and without violence or bloodshed.

Freedom and democracy are priceless possessions. Once they are lost, the price for regaining them, as in parts of Europe, Asia and Africa today, is a fearful one to pay. And yet the people pay it with their lives if necessary.

Although farmers have not shared as fully as others in that tremendous growth of prosperity, they have maintained the most productive farming system in the world, and the future looks bright.

When we compare farming today with when I was a boy we have much for which to be thankful. Much of the drudgery has been taken out of life on the farm, and in the farm home, through modern conveniences such as power machinery, electricity and other advancements in science.

Automobiles, good roads, radio, television, running water in the home, more and better educational opportunities, are only a few of the things that make life on the farm more satisfying and rewarding.

With only about five per cent of the world's population, Americans own two-thirds of all automobiles, have more than one-half of all paved roads, use one-third of all electricity, own three-fourths of all television sets, and have better homes and more modern conveniences than any other nation.

In a world where violence and revolution exist or are threatened, we have dedicated ourselves and our nation to maintaining peace. Second only to freedom and democracy, it is a prized blessing for which we are thankful.

Seco Passes Opportunity For Big Business Farming

Editor's note: The Seco Philosopher on his johnson grass farm probably is misinterpreting somebody's speech, his letter this week indicates.

Dear editor:

With the north wind picking up speed recently, I've been getting more newspapers than usual blown onto my farm out here, and there's nothing more satisfying than a good newspaper to read on a chilly day in a warm spot.

Yesterday I found one caught on a barbed wire fence — a barbed wire fence is one of the greatest inventions in the history of man when it comes to snagging a blowing paper, and while maybe there are some papers worth chasing after all over the pasture as the wind scoots them along the ground, it's a lot more pleasant to let the fence do the work for you — and I pulled it off and look it home and settled down to my main occupation.

I hadn't read far before I ran into an article that made me smile. According to it, an agricultural expert made a speech recently and declared that "agriculture is now a business, requires business methods, and a few acres of land is no longer a haven of refuge where a man can sit and dream."

Well, I'll tell you. It looks to me like somebody has been sitting and dreaming about what farming maybe ought to be. There's some business connected

with farming, all right, but most of it is applied to what the farm produces, after it leaves the farm. You take a Jersey steer from my farm. Very little business administration goes into getting him ready for market, outside of what he's picked up on his own, but the minute he leaves my hand at a price set by somebody else, not me, then business takes over, and a 10-cent steer turns up a little later on as 40-cent hamburger or 60-cent round steak.

I know that not all farms are run like mine, or there wouldn't be a surplus, but the surplus itself demonstrates somebody is failing to be very business like in agriculture. You don't hear of the U. S. steel industry producing four times as much steel as the country needs. This country has more oil than it needs, but you don't hear of any surplus gasoline depressing the price you pay at the filling station.

And as far as a farm being a haven of refuge where a man can sit and think, that's what mine is exactly, and if it comes to a choice of installing a business administration out here or giving up sitting, you know which one I'm gonna choose. I haven't got anything against business or business methods, but if I wanted to go into business, the best place to do it is in town, not in the country.

Yours faithfully,
J. A.

Achievement Show Set For Castroville

By C. B. Gaston

The 4-H Club Achievement Day program will be held in Castroville High School auditorium Saturday afternoon at 2 p.m. At this program, boys and girls to receive county awards for their work during the past year will be recognized by all who have been working with them during that time. This program has been worked out by the Medina County 4-H Council and will be presented by this group. All who are interested in this are invited to attend.

A large acreage of oats has been planted and will soon be providing much needed grazing. Of course, more moisture will be needed before long. The county agent has seen grain in some of the adjoining areas lately, and there appears to be more planted in this county than most of the surrounding sections.

Last year, a program was carried out in the control of the Texas Leaf Cutting Ant. Many who applied the poison had very satisfactory results. Time will soon be here for this year's treatment. Some demonstrations will be conducted in different sections of the county, so if you are bothered with this ant try to attend one of them.

Dan McCrea of Yancey, has reported that the methyl bromide treatment has saved a large number of pecan trees this year and he keeps some handy so if a new colony appears he can treat same before damage is done to the trees.

A committee at Devine is progressing very well with plans for the Medina County Junior Fat Stock Show to be held there on Feb. 4 and 5th. L. C. Martin is in charge of this year's show.

The hunting season is now un-

derway, but it would be well to keep in mind the following safety reminders:

- (1) Keep weapons unloaded until actually hunting in the field or pasture.
- (2) Know the capability and proper operating procedure of your weapon.
- (3) Never cross a fence or climb a tree with a loaded weapon.
- (4) Alcohol and gun powder do not mix.
- (5) Keep weapons away from children.
- (6) Be positive of your target before you shoot. Livestock and fellow hunters are always out of season.
- (7) Be familiar with hunting regulations and obey them.
- (8) Respect the rights and properties of the landlord on whose land you hunt. You may want to hunt there again next year.
- (9) Above all, see that fellow hunters respect and obey the same rules that you observe.

Mrs. Collier Addresses Garden Club

Meeting at the home of Mrs. Paul Bybee Friday, Nov. 9, members of Hondo Garden Club heard Mrs. T. L. Collier, San Antonio, speak on "Landscaping". An authoritative speaker and national flower show judge, Mrs. Collier began by recommending a number of books on gardening. She told some of the experiences she has had with yard work and identified several types of shrubbery which may be used effectively in this area.

Flower arrangements included one of lavender chrysanthemums on the mantle, one of roses on the dining table and matching arrangements of small, white roses on end tables.

Mrs. R. W. Landers presided at the brief business meeting. Mrs. J. S. MacManus, reporting for the ways and means committee, revealed that the Thrift Shop had been moved and was presently operating at its new location on 17th Street.

The next meeting will be in the form of a book review and the public is invited to attend on Dec. 14 at Hondo High School.

Biologists Present Play For P. T. A.

D'HANIS — Using an original script prepared by their teacher and director, Bernard Gerhardt, members of the biology class of D'Hanis High School gave an interesting program at the meeting of the D'Hanis Parent-Teacher Association Wednesday evening.

The entertainment was a take-off on biology achieved by combining clever quiz stunts, a superman act, and a scientific experiment. A bioscope demonstration was especially instructive.

Taking part in the act were Othell Batto, Mary Ann Dean, Isabell Duncan, Ann Langfeld, Joe Langfeld, Joan Lutz, Cecilia Ontiveros, Frank Ortega, Nemeo Ortiz, Ramon Rodriguez and Paula Vega.

Glenn Padgett presided at the business session, when reports of the carnival committees were heard. The P. T. A. voted to sponsor a Christmas program Dec. 18.

From where I sit ... by Joe Marsh

There'll Always Be An "Expert"

Drove out to see how they're getting along with the new super-highway that's going to pass through town.

While I was there a fussy little guy—a spectator, like me—came up to the foreman on the job and started making all sorts of suggestions: "Shouldn't it go a little farther left there? ... Why don't you bank the curves more? ... Those ditches are awful close" ... and so, on and on.

The foreman took it as long as he could, then asked politely, "How does she look for length?"

Settlement News

By Mrs. R. H. Bayer

M&M R. H. Bayer gave a dinner Sunday for their son, Ralph, who was confirmed in the Lutheran Church at Castroville. Those attending the dinner besides the attending family were M&M W. F. Bayer and children Rose Marie, Daniel and Joe of Brenham, and Mrs. Bayer's father, G. H. Sturm, also from Brenham, and Miss Carmen Bayer, who is at TLC in Seguin. Carmen came along with the W. F. Bayers as Seguin is on their way here. They returned home Sunday evening, taking Carmen along as far as Seguin.

M&M Bill Tach and sons of San Antonio, were Sunday supper guests of M&M Erwin Biediger, Kay and Vickie Ann.

Lucky hunters of the Settlement so far are Erwin Biediger, who got an 8 point buck and Mr. Elmer Biediger with a 5 pointer, both Saturday evening.

M&M Louis Schneider visited with M&M Elmer Biediger and family Thursday evening.

M&M Sterley Jagge and Carolyn spent Sunday with Mrs. Millie Jagge.

Wesley Hutzler and family visited Sunday with M&M Allen Haby.

M&M Wilfred Moehring were supper guests Sunday evening of M&M Hugo Haegelin and Frances.

M&M J. M. Horecka and family were Saturday night visitors with M&M Forrest Horecka in Hondo.

Linwood Bendele was a supper guest at the R. H. Bayer home Tuesday evening.

M&M Allen Haby visited in San Antonio Saturday evening with their son, M&M Harvey, and family.

M&M Elmer Biediger and Sheila and Raymond Biediger visited Wednesday evening with M&M Erwin Biediger, Kay and Vickie.

M&M Forrest Horecka spent Sunday with M&M J. M. Horecka, Donnie, Dorothy and Barbara Ann.

Ralph and Dorothy Bayer are rather sad since last Thursday when their pet, a green parakeet, "Oscar Pretty Bird" escaped. They have been looking for him everywhere and would greatly appreciate it if any one seeing him would notify them as they would like to have him back.

Mrs. Philip Haby was a visitor to the home of M&M Elmer Biediger Monday.

1956 Doe Permits Total 12,000 Or More

Landowners in the Texas big game range have embraced the antlerless deer harvest to the extent that a record 12,000 plus permits have been issued to ranchers in areas over populated with deer, according to the Director of Wildlife Restoration for the Game and Fish Commission.

He said the trend indicates that "many more counties will seek legislative authority at the coming session to become a part of this important game management practice."

Medina County had 3,980 permits issued to 324 land owners.

The combined harvest of antlerless deer this fall may go as high as 5,000 head. This total contrasts with the overall quota of only 946 deer when the program was launched four years ago.

These deer are made available to hunters in addition to the bucks only routine as a means of reducing over population, sparing the range and strengthening the herds.

"More and more ranchers and landowners now realize that unless the surplus game is taken legitimately the spare numbers will die of starvation," said the Director.

"Even though the antlerless harvest may run as high as 5,000 this fall, this is only a fraction of the over population throughout the big game range. If there should be a severe winter, countless thousands of deer in the congested areas would perish. But under existing laws the expanded harvest has to be limited to the places where actual authority has been granted to reduce the herds to the carrying capacity of the land as determined by scientific findings."

The bulk of the antlerless deer readied for the harvest are in the Hill Country, specifically in Gillespie, Llano, Mason and Medina counties where the season will run from Dec. 1 through Dec. 15. One thousand head have been declared surplus in Bosque County of the Possum Kingdom area; eight hundred head in Red River County of northeastern Texas, and approximately two hundred head in Culberson and Brewster in far west Texas. The special hunts in those areas will be within the regular harvest seasons.

Those interested in antlerless hunts should contact their game wardens or write Chambers of Commerce in the counties listed. The individual limit will be regulated by local restrictions, or in the case of the Hill Country counties, two antlerless deer per person, or one antlerless deer if the hunter already has gotten his buck.

Permits to hunters are being distributed through land owners. The regular \$2.15 hunting license will prevail. Cost of permits per head generally will range upward from \$10.

QUIHI NEWS

By Mrs. Jack Sharp

Deer hunting is the news this week. Among those reporting kills were M&M Clinton Wiemers, Mrs. Wilkes Wiemers, Franklin Muennink and Mrs. George Mechler.

Sunday supper guests of M&M Clinton Wiemers and daughters, Sharon, Linda and Patsy, were M&M George Mechler and Terry. Miss Doris Wiemers of San Antonio, was a weekend visitor in the home of her parents, M&M Wilkes Wiemers.

M&M O. B. Sharp of LaPryor, and Mrs. A. J. Alexander and Shannon of New Braunfels, were Sunday afternoon visitors of M&M Jack Sharp.

Wednesday night supper guests of M&M Franklin Muennink and children, Glenn, Karen and Debbie, were M&M Arnold Balzen.

M&M Lloyd C. Lindeburg of Corpus Christi, were weekend visitors of Lloyd's parents, M&M Arnold Lindeburg.

Patricia Saathoff was a Sunday visitor of her cousin, Loretta Saathoff.

M&M Larry Coyle of San Antonio and M&M Bill Snyder and Billy of Corpus Christi were weekend visitors of M&M Herman Gerdes and Archie Ray.

Fed Cattle Sell Weaker On Markets

Fed steers and heifers sold weak to lower everywhere this week, while stockers and feeders were unevenly strong to higher at some markets and weak to lower at others.

Southwestern country trading found good to choice calves and yearlings about steady. Some Southwestern terminals and auctions reported a weak to lower trend, but decreased quality was often cited as a factor in easier quotations.

Several hundred good and choice feeder steers sold in the Panhandle at \$17 for delivery between now and early January; comparable heifers sold for similar delivery at \$14.50 to \$15.50, mainly around \$15. Scattered bunches of good and choice mixed calves sold for immediate delivery at \$15.50 to \$17 for heifers and \$17.50 to \$19 for steers; an occasional bunch of choice steer calves sold up to \$20 or slightly more. Most deals involved relatively small bunches as the trade is definitely of cleanup caliber.

Cattle receipts Monday and Tuesday totaled 213,000 head at 12 major markets as against 154,000 for the same days last week and 196,000 a year ago, and prices were generally lower. The larger run came in the face of the seasonal turn from red meat to poultry. Traditional emphasis on fowl at Thanksgiving and Christmas never did the cattle business much good, and less than ever since the country has become so confused as to the date of Thanksgiving that people have taken to craving turkey from early November through the rest of the year.

IT'S TIME FOR US TO GIVE THANKS

... for all the good things that make life worthwhile ... to be in
a country where we may worship God in the manner we choose
... to be in a land of political freedom, where we can choose freely
as we did recently.

For being in this favored state of Texas, and in Hondo where
together we have lived and worked and built a business and town
of which we are proud to be a part. For all of these and many more,
we pause this day to think over our blessings and to utter a fervent
prayer of thanks.
